

# St Philip's C of E Primary School

## Newsletter Autumn 2025

### Our learning this half term...

**In Mathematics:** Place value and The Four Operations (addition, subtraction, multiplication and division)

To help: get your child to log on to TT Rockstars as often as possible.

**In English:** Rooftoppers by Katherine Rundell – a book about adventures, hopes and dreams.

To help: get your child to write letters, diaries and short stories set around the book.

**In Science:** animals and humans.

To help: get your child to research the parts of the human body and the circulatory system with a focus on the heart. They could also compare human bodies to those of animals.

**In History:** The Ancient Greeks.

To help: get your child to research what life would have been like living in Ancient Greek times – the food, the clothes and schools.

**In Design Technology:** Food – researching, preparing and making a starter and main dish.

To help: get your child to help with the food preparation and cooking at home.

**In PSHE:** relationships and families

**In Computing:** iProgram

**In Music:** songs of World War II

**In RE:** Creation

### Reminders:

- It is important that your child knows their multiplication tables – they can practise on TT Rockstars.
- It is important that your child knows their spellings – they will be tested on up to ten a week. These will be sent home on a Wednesday.
- PE kit on Wednesday and Thursday.
- Remind your child to read every day!
- Ask your child to tell you something new they learned at school each day.

### Finally....

Thankyou to all the parents who attended target day. It was lovely to meet you all. 😊
